A new Dawn rising.....

DUNLOP
BELTING PRODUCTS

// BLACK OWNED
// LEVEL 1 BBBEE
// 100% LOCAL MANUFACTURER

Dunlop Belting Products is South Africa's only BBBEE Level 1, 100% black owned local manufacture of conveyor belt, industrial hose and splicing equipment. We are extremely proud of our local manufacturing plant that produces products with a local content greater than 65% and we believe in complying to of the new mining charter vision.

Dunlop Belting Products is focused on good corporate citizenship and sustainable development and central to this is the desire to create economic stability and growth within South Africa. We as a company are committed in supporting the communities in which our customers contract us to provide products and services and have therefore implemented various developmental initiatives on a local level. The SMME also becomes the sole distributor of Dunlop products and services from where the OEM will provide the necessary funding and support.
